Why IT company?

During my high school years,I have been fond of Electronic
gadgets and how they operate,that's why I had chose to join
Electronics and Communication Engineering.In my college I
came to learn about different softwares and programminng
languages,and I've been falling in my knees for the fastest
growing ,fastest challenging and possibly the most demanding job sector
which is the IT industry.It rewards
innovation and creativity ,but demands accuracy and also
massive attention to details.I always love to take challenges and adapt
accordingly.This is the main reason
behind my goal to work for an IT company.

Why WIPRO?

The company which was incorporated in 1945 by Mohamed Premji known as
western india vegetable product limited
letter abbriviated to wipro is a globally recognized business
organization.It provides business solutions,
employment,consultation,healthcare,and all-rounder business
solutions and I think it is a place where I could learn a
lot and enjoy many challenges and also get many opportunities for
growth.I also appreciate that wipro believes it's employees are it's most
important assests.It
seems to have a great corporate culture,where employees are
treated like family.It is also signified in their logo which stands for
the Wipro Values, Employees, Clients & partners, and Communities.
